

Great Auks Events

Bat Boxes

January 25th 6.30pm to 8.00pm

Brian Baird from the Forestry Commission will discuss the need for bat boxes and how the Great Auks can help with this project. This will be followed up on Saturday 24th March when the Auks have the opportunity to take what they've learned out in to the

field to make and site boxes. This will also include a photography lesson/competition.

Poos from the Past

February 29th 6.30pm to 8.00pm

Archaeologists use a number of methods to help discover, examine and record the secrets of the past. A great way to understand more about humans from history is to learn what they ate. One fun (and mucky!) way to do this is to dissect human poo. Come along to the Museum to gain hands on excavation experience and uncover evidence about the eating and living habits of humans through the ages.

E-mail admin@kilmartin.org for more information about joining the Great Auks.
